OUR FIVE LANE STATE-OF-THE-ART DRIVE-THRU IS COMPLETE!

After many months of construction the drive-thru is completed. As we all know construction is disruptive, but in this case the end certainly justified the means. Our parking as well as ingress and egress have changed dramatically improving traffic flow and reducing congestion. I want to thank all of you for your patience as you endured many months of delays, detours and confusion.

Of course, first and foremost, now is the economy. I assure you, your credit union is in excellent financial condition and continues to operate as we always have, placing safety and soundness first. The credit union has been in operation for over 40 years. We boast of being one, if not the only, locally owned financial institution in the Lee County area. The credit union was established to provide low cost financial services to its members. We are proud of our history and are looking for ways to make our services available to other communities as well.

With identity theft rampant, I would like to remind each of you to take care of your personal information. The credit union offers 24 hour access to your account by phone or internet. Please come by or call to find out about these and many more services; some of which are at no cost to you. In the event you would like internet service, but do not own a computer, public libraries often offer use of computers. You can establish an e-mail account which will provide on-line access to your account, making it possible for you to receive free services such as e-statements and virtual branch. Call or come by any of our three locations for more information on these and many more valuable services and products available to you.

I would like to thank you for your continued support and patronage of Four Seasons Federal Credit Union, and I look forward to the remainder of 2008.

Susan Riddle, President/CEO

NEW PRODUCT: E-STATEMENTS

E-Statements will be available to members via our Virtual Branch Service. It will allow you to receive an optional electronic version of your monthly statement. This service will be available by April 30th and we will maintain six months of statements. E-Statements has a news message area which we will update to provide you with the latest, most up-to-date information about activities going on at Four Seasons Federal Credit Union. You can also use E-Statements to ask questions, or to give us feedback on how we are doing! You can enroll through Virtual Branch.
